

# ROOMIES

## Find your perfect roommate

Everyone needs roommates when they move to new city or town or for various other reasons . Roomies lets you describe your requirements and then you can find your roommate.

### PRIVACY

In this age of internet trolls.  
Roomies uses Telegram API to ensure that you can chat with users before providing them your phone number.

### MATCH

You get new matches everyday whenever some one posts a listing that meet your requirements.

### VERIFIED

To avoid fake accounts, all of the photos and details provided by the users are verified before listing them online.

### ROOMIE

Whether you are a Landlord, Homeless or a person looking for roomie. All can post ads regarding their requirements and get matched profiles.

### SORT

You can sort Rooms by Price, Location, Distance and every other metric you can think of.

### FREE

Last but definitely not the least.  
Roomie is absolutely free and you can keep using it until you find your perfect roommate.
